In Reply Please Refer to Case No. 03-1471

Dear Ms. Burns:

The Utah State Historic Preservation Office has reviewed our cultural resource files for the requested area of potential effect. No known historic properties have been recorded within the project area because no historic properties' surveys have been conducted.

The file search was completed from the legal description, not the map, there is no location information marked on the map. Based on the location and number of historic mines, USHPO recommends a cultural resource survey be completed of the area of potential effect.

After meeting with Wayne and Mary-Ann, our office will sending a draft form that will need to be filled out with attachments, hope to have it done next week.

This information is provided to assist in identifying historic properties, per §36CFR800 for Section 106 consultation procedures. If you have questions, please contact me at (801) 533-3555. My email address is: jdykman@utah.gov

As ever,

James L. Dykmann
Deputy State Historic
Preservation Officer - Archaeology
